SKILLS

- **Languages:** JavaScript, Java, C++, C, Python
- **Technologies:** HTML, CSS, NodeJS, ExpressJS, ReactJS, Android Development, Software Development
- **Relevant Coursework:** Data Structures and Algorithms, Object Oriented Programming, Database Management System
- **Tools/Platforms:** MySQL, MongoDB, VS CODE, GitHub
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability, Leadership

SUMMER TRAINING

GeeksforGeeks [\[Link\]](#)

June 2024 – August 2024

Complete Interview Preparation

- Covered key topics including Data Structures, Algorithms, DBMS, Operating Systems, and Computer Networks.
- Solved industry-relevant coding problems and implemented real-world projects.
- Gained in-depth knowledge of problem-solving techniques and system design concepts.
- Successfully completed the training and received a certificate from GeeksforGeeks.

PROJECTS

Netflix Clone | Movie Streaming Platform:

February 2025 - March 2025

Developed a responsive movie streaming platform supporting real-time data fetching and personalized user experience.

Implemented user authentication, API-based movie listings, a watchlist feature, and a responsive UI.

Gained hands-on experience in API integration, state management, and session handling in full-stack applications.

Tech Used: MongoDB, Express.js, React, Node.js (MERN Stack)

Clothing and Shoes | E-commerce Platform:

September 2024 - December 2024

Developed a fully functional e-commerce website featuring product filtering, cart functionality, and secure payments.

Integrated user authentication, dynamic product catalog, a seamless checkout process, and a responsive UI.

Acquired knowledge of backend-frontend integration and secure payment gateway implementation.

Tech Used: MongoDB, Express.js, React, Node.js (MERN Stack).

Weather App | Real-time Weather Forecasting:

June 2024 – August 2024

Developed a real-time weather application displaying live, location-based weather data.

Implemented API-based data retrieval, real-time updates, and a user-friendly interface.

Strengthened skills in API integration, server-side request handling, and efficient data fetching.

Tech Used: JavaScript, Node.js, REST APIs, Third-party Weather Service.

Chat App | Real-time Messaging Platform:

March 2024 – April 2024

Built a real-time chat application enabling seamless communication using Socket.io.

Implemented real-time messaging, user authentication, group chats, and message notifications.

Learned real-time update handling with Socket.io, state management, and backend integration.

Tech Used: Node.js, Express, React, MongoDB, Socket.io.

CERTIFICATES

- Cloud Computing | NPTEL | Proctored | Elite Certification | [\[Link\]](#) December 2024
- Server-side JavaScript with Node.js | Coursera | NIIT | [\[Link\]](#) May 2024
- HTML, CSS, and JavaScript for Web Developers | Coursera | Johns Hopkins University | [\[Link\]](#) May 2024
- Intelligence Tools for the Digital Age | Coursera | University of Michigan | [\[Link\]](#) March 2023

ACHIEVEMENTS

- **One among Dean's top 10 % students at University:**
For good academic performance and extra-curricular activities at university.
- **Achieved 1st rank in Class 12th Board Exams:**
Stood 1st among 40 students in Class 12th board exams, showcasing consistency.
- **Secured 3rd rank in Class 10th Board Exams:**
Stood 3rd among 70 students in Class 10th board exams.
- **Served as Class Representative for two consecutive semesters:**
Led student-faculty coordination in the first year of BTech.

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; **CGPA: 9.08** Since August 2022
- **Sarla International Academy** Basti, UP
Intermediate; **Percentage: 95.4%** April 2019 - March 2021
- **Sarla International Academy** Basti, UP
Matriculation; **Percentage: 95.8%** April 2018 - March 2019
